**Target group**: Trainers, youth workers, project managers, people who are working on entrepreneurship topics, youth unemployment, youth education. Basically the project is targeting all people that are responsible (or will be in future) for transferring the knowledge, doing entrepreneurship projects.

#### Aims and objectives of the training:

To encourage and educate youth workers to learn more about entrepreneurship, to learn more about methods that they can use in order to motivate and involve more people to start their own businesses, we thought of showing them designs and workshops that they can use in order to multiply the effect and to create much bigger effect on young people to start their own businesses, to get entrepreneurial mindset.

- To train as many youth workers on entrepreneurial skills so they can continue doing the same in their own local community
- To give them methods, tools and designed workshops that they can use in their own country

- To develop an entrepreneurial attitude in these youth workers so they can do the same with their youth
- To learn these skills by simply doing them.

The main method on this training will be learning by doing, small discussion groups, task forces and other non-formal methods.
