Mobility of Youth Workers TRAINING - COURSE

ICT AND SM FOR CIVIC ACTION

9-16 April 2022
Hemmersheim | GERMANY

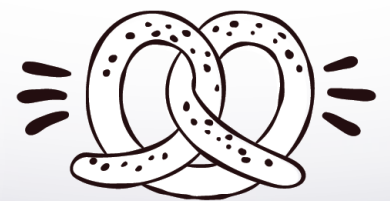

IN PARTNERSHIP WITH:

WHO WE ARE?

Association *BREZN* E.V. is created to serve as a learning group that gathers people with different backgrounds and professions such as: young people, youth and sport workers, entrepreneurs, experts in different topics, migrants, refugees and of course many young people in general. Our aim is to be actively involved in the creation of healthy, educated and active German and European society.

The purpose of the association is cooperation with various educational institutions, organizations and companies to improve the standard of living and quality of life of the citizens. Introduction of regulations and strategies for the sustainable use of the capacities of local communities and municipalities.

BREZN E.V.
MÜNCHEN

Establishing contact and cooperation with young people, associations and networks of organizations at home and abroad to promote the development of citizens, with a special focus on marginalized and underdeveloped countries, improving living conditions and realizing guaranteed human rights.

Conducting events and activities for young people and charity. Promotion of sport as a means of maintaining health and as an opportunity for young people in particular to test and improve their performance.

The purpose of the Organization is achieved in particular through:

- Implementation of youth events and measures, especially educational events,
- Organizing and participating in sports-related and interdisciplinary sports and club events,
- Conducting sporting and other events for charitable purposes.

ABOUT THE PROJECT

ICT&SM4CA training project was developed based on the key premises:

- ICT and Social media offer a lot of space for creativity, invention and imagination in developing youth led projects.
- ICT and Social media as a growth industry that can open wide doors for more entrepreneurship careers during and after the outbreak of *COVID-19*.
- Young people are pioneering in the use of ICT and SM today and can be inspired for more effective and positive outcome of this global platform, in addition that youth leaders might learn how to use ICT and social media to engage young people more systematically.
- Active participation of young people is always in need for new initiatives and creative approaches and ICT and social networks are a great field to be explored and developed.

The main aim of the project is to develop competencies of youth workers to support active civic participation of young people in community contexts through productive use of ICT and social media tools and methodologies.

The project has two main themes: Active civic participation of young people and ICT & Social media, and its main objectives are:

- To explore civic participation from participants own experiences, resources and opportunities available to address issues of concern through democratic, civil and civic engagement;
- Develop, improve and reinforce the digital skills of the youth workers and how to use them in the context of educating youth using non-formal methodologies;
- Explore possibilities for utilization of ICT& social media for youth activism;
- Reflect on non-formal education, its methods and their applicability within ICT sector and social networks;
- Equip the youth workers and the partner organizations with the mindset and the ability of designing workshops tailored to the specific needs of their target;
- Develop creative and attractive ways to apply ICT and social media solutions for youth activism, with a special emphasis on civic engagement;
- Identify local opportunities for community engagement and to design and develop a booklet for use of ICT's and social media in the local contexts.

THE VENUE

HEMMERSHEIM, GERMANY

Hemmersheim is a typical Franconian street village. The whole village is a listed building. In the more than 200-year-old half-timbered house, the rooms have their own flair due to the exposed half-timbered house.

The small village of Hemmersheim is embedded in a natural Franconian landscape. Beautiful river valleys, small woods and wide views of fields and landscape invite you to walks, bike rides or hikes...

The beautiful surroundings - Tauber Valley, Main Valley, Steigerwald and near-natural river valleys invite you to discover...

THE HOST

Lindenhof Hemmersheim

We are a family run farm. For our daily work and larger projects, we lump all our creative ideas together and combine our strengths and our know-how, because together ideas can be put into practice so much better. We are supported by our volunteers and volunteers of the association.

In our apartments you can watch the farm trees - apple, pear, walnut, apricot, almond, beech and of course linden trees - grow, bloom and bear fruit and listen to the cheerful chirping birds singing. Come at the right time of year, delight the trees with rain of flowers, delicious fruit or falling nuts...

In our fields, we want to show what soil-building, biodiversity-promoting and carbon-storing agriculture can look like. Fruit trees, hedges and flowering meadows are to be found around all our fields and also in the field (agroforestry).

The nearby forests invite you to the most beautiful walks or hikes at any time of the year. It is especially beautiful in spring, when bush anemones give way to wild garlic and the first leaves dance on the trees. It is not uncommon to see deer or hares scurrying past here...

THE BUDGET

There is **no** participation **fee**.

Food, accommodation and local travel costs (only during the activity program) will be covered by the grant from the National Agency of Germany of the Erasmus+ Programme.

REIMBURSEMENT

RULES FOR REIMBURSEMENT:

1. Only the cheapest means of transportation will be accepted between the country of the Partner Organization and the venue. Before purchasing anything, please, send your travel plan to slobodan.antic12@gmail.com for confirmation. Participants will be reimbursed based on the least expensive route, based on real costs (we can only reimburse tickets which price you can prove with invoices). Please keep in mind that we do not accept invoices of taxis or from travel agencies.
2. Reimbursement will be done only to those participants who participate in all activities during the training course and respect the rules of the hosting organization.
3. Only uninterrupted travel expenses incurred within the activity start and end dates can be accepted for reimbursement. If you wish to stay in Germany or at the venue longer and you find tickets for the same or lower value with those on the actual travel dates, then you can travel one day prior, or one day after the training course as well. However, if participants decide to arrive earlier or stay longer (up to 2 days), all costs related to that will be supported by the participants themselves.
4. 4. In order to avoid unnecessary stress and problems (e.g. loss of documents by the post) please send us scanned copies of all documents by email to slobodan.antic12@gmail.com before sending those by post. Please note that no flight tickets will be reimbursed if the original or electronic invoice is not provided as well.
5. All expenses must be converted to euros using the official exchange rate of the European Central Bank (ECB) on the date when the expense was paid. Link to ECB:
<http://www.ecb.europa.eu/stats/exchange/eurofxref/html/index.en.html>
6. In case the participant(s) fail(s) to engage in the activity's daily program due to late arrival or early departure and not attending 100% of the sessions, the amount granted per participant per day will be deducted from the travel reimbursement. The maximum limit to be reimbursed for each participant is highlighted above and was calculated by the distance calculator of the European Commission.
7. Costs of insurance are not eligible and will not be reimbursed! This means that each participant must support his/her own insurance that covers: travel insurance (including damage or loss of luggage) wherever relevant; accident and serious illness (including permanent or temporary incapacity), as defined in the ERASMUS+ Programme Guide.
