

**Dear Wanderer,**

Thank you for opening this letter. Let us begin with this reading.

*“Man has little needs and deeper needs. We’ve fallen into the mistake of living from our little needs til we have lost our deeper needs in a sort of madness. Let us prepare now for the death of our little life and reemergence in a bigger life in touch with the moving cosmos. We must get back into relation through daily ritual. We must practice again the daily ritual of dawn and noon and sunset, of kindling fire and pouring water, for the truth is, we are perishing for lack of fulfillment of our greater needs. We are cut off from the great sources of our inward nourishment and renewal. Sources that flow eternally in the universe. Vitally the human race is dying. It is like a great uprooted tree with its roots in the air. We must plant ourselves again in the universe.”*

## **From where we begin and our intentions**

Nature, our home, the place of restoration, healing, empowerment, and visions. **Rilke** once said: **"If we surrendered to earth's intelligence, we could rise up rooted, like trees."**

**"Deep Connections"** is an invitation to get in touch with the Earth's intelligence, that we find within and without ourselves.

Crafted with soulful passion, integrity, and professionalism, **"Deep Connections"** is a **profound immersion** that will bring the participants in deep explorations of three realms:

- **The personal Inner World** (the realm of soul, of personal resources, gifts, powers, dreams, visions, longings, personal callings, and mission).
- **The Earth** (the realm of the natural world and of the more than human beings).
- **The Others** (the realm of the human community, of deep and authentic relations).

The process is envisioned for engaging and enhancing the four human dimensions: **the physical, the mental, the emotional and the spiritual.**

The training is based on **ecocentric/soulcentric human development (the way of nature and soul).**

**“Tell me, what is it you plan to do  
with your one wild and precious life?” Mary Oliver**

**Deep Connections** is an invitation:

- **To live into a way of being that is authentic, deep and sacred**, that serves our greater needs, that is grounded and rooted into the natural principles, that invites maturity, imagination, service and wildness.
- **To restore and expand the great sources of inward nourishment and renewal.** We will explore our psyches and cultivate our inner resources and potentials.
- **To prepare for the death of our little life and reemergence in a bigger life in touch with the moving cosmos and our souls.** We will feel into what is no longer serving us and into what is calling us to manifest in the next phases of our lives, making space for the gifts of our souls to emerge and come into the world.

**Through this course we intend the followings:**

- To create a space of deep transformation and learning, in which the participants can evolve at personal and professional level.
- To develop the knowledge of those involved, in ecocentric/soulcentric development.
- To engage the participants in the process of skills development in the themes of the project.
- To inspire and motivate the participants to become agents of cultural transformation.
- To support the participants become multipliers of ecocentric/soulcentric human development.
