

INTERACT 2025

Quality in the Youth work
and Networking

Palaios Panteleimonas
Greece
25 - 29 May

Co-funded by
the European Union

Dear Erasmus+ friends, ^

We are happy to inform you that **we are organizing our second InterACT**. Last year, we involved many newcomers in the field and supported them in their first steps into the Erasmus+ world of youth projects.

This year, we are **gathering organizations active in the youth field**, with and without accreditation, who have worked with us or would like to embark on the journey of further improving our Youth Projects, adhering to the Quality Standards for inclusive YEs, and making them meaningful learning experiences for the young people involved.

We are looking for organizations working also with marginalized young people from EU countries, on projects regarding **Civic engagement, Outdoor activities, Mental and physical health, Digital skills and Sustainability and Green skills** and know-how. During the meeting, will also turn our attention to the Digital tools in our Youth work, that we can utilise in the delivery of the projects from the first stage until the end.

Please note that we can accept only one person per organization to give more organizations and youth workers a chance to attend, participate, and expand their network. If you are interested in taking part in the Training course, and network please submit your form at the following link: <https://forms.gle/8UQUSqsdjLiWWqqM7> or scan the QR code
