MamAfrika Organization was created by citizenship initiatives, actually it's the one of the largest volunteer hosting organizations in Morocco, organizing various volunteer and development projects throughout Morocco mainly through Short Term Work camps and Long Term Volunteer (LTV) placements. Most of the projects are carried out independently, and some are undertaken in cooperation with local associations. We send and receive young people from all across the globe, by giving an opportunity to everyone to make a difference in his/her own life and in the lives of others through the field of social work.

MamAfrika Organization usually choose projects that have a close relationship with the local community, and meet their expectations, especially in the areas of:

- Education: Teaching languages, reinforcing the education capacities and skills of children and youth
- Work with persons with special needs, and take care of handicapped people and street children

In general we prefer to adopt projects that reflect the MamAfrika values; Solidarity and Social Cohesion ;)

It is essential to be open to new ideas, values and ways of doing things. If you remain “open minded” then you will have new opportunities and new friends. The enlargement of one’s mind is a pre-requisite and the heart of inter-cultural exchange.

Flexible

It is essential to be flexible to ideas, people, and situations. While working, you will be dealing in a context of cultural diversity. Taking a flexible approach is often the best way to deal with such situations.

commitment towards your program. However, we also feel that by completing your program, you have a lot to gain personally in terms of experience and understanding yourself better.

Become A volunteer

Volunteers help thousands of entrepreneurs start small businesses and achieve new levels of success in their existing businesses. Volunteering at MamAfrika Organization is a way for you to give back to your community, connect with fellow business owners, and pass on your knowledge and expertise to the next generation of entrepreneurs in your community.

MamAfrika Organization volunteers provide confidential business mentoring services, both in person and online. We lead seminars and workshops to help small business owners meet their goals and achieve success. We help expand outreach through marketing and alliance building in our local communities. We provide subject matter expertise by industries and professional skills.

Global Learning and youth work

Wherever possible, we promote connections between international volunteers and local communities. We do this through school group visits, community events and other activities. As a Moroccan Voluntary Youth Organisation MamAfrika Organization is one of many organisations working to provide a range of opportunities and activities which are relevant and responsive to the needs and ideas of young people.

We are committed to providing stimulating activities through which young people can gain experiences and vital life skills, which will benefit them and society long into the future. We believe that international volunteering provides a way of engaging to the world 'out there' and making it more accessible. We encourage young people to develop awareness and responsibilities towards themselves and others.

A **Long Term Volunteer (LTV)** project is an exchange between a person who gives his/her time, work and energy to a worthwhile project, and a host organisation which offers to the volunteer an opportunity to experiment, to learn new things, to meet interesting people and to develop personal skills and capacities.

International Voluntary Work Camps

**MamAfrika Organization "Youth and Intergenerational Solidarity"
Organisation non gouvernementale (ONG)**

Normally last from 2 weeks to 2 Month, and each one has about 10–20 volunteers coming from different countries. Projects are often in remote areas, in regions where local people may have minimal opportunity for meeting others from different countries. The volunteer groups bring new ideas and experiences into local communities, providing a stimulus for ongoing local initiatives.

The individual volunteers benefit from the interaction both within the group and with the local communities. The international work camps give them the opportunity to travel to another country, use their time productively and make a positive contribution to a local community. They also have the chance to widen their horizons through meeting and learning from each other and other cultures.

Gender Equality

In many countries, LGBTI people do not receive the support they need. Often, they must hide their sexual orientation and gender identity. Or worse, they experience violence and threats from the surrounding community. LGBTI migrants who are in transit or host countries may also face prejudices or discrimination. To raise awareness of LGBTI matters, MamAfrika organization staff was trained LGBTI-trainer on the protection of LGBTI people for staff members as well as the broader humanitarian community.
