## Potential Partnership in Erasmus + in fields of Youth

### Sending and Hosting Organisation

Dear organization

We are writing regarding our potential partnership. We have a solid background in voluntary service, our members' backgrounds, and experience in project development and partnerships. MamAfrika Organization is eager to cooperate further with your organization and set up a strategic alliance that could enable us to run our future projects to fulfill the needs of youth and hard-to-reach communities and combat social exclusion.

We have been running our organization in organizing long-term and short-term volunteering for almost 16 years, and we have successfully managed numerous projects with our partners from different parts of the world. We are confident that our partnership will enable both organizations to generate fruitful results and cooperate in the upcoming projects following the vision of our common goal.

If you are looking for a reliable sending and receiving organization for an Erasmus+ project from Morocco (a partner country from the SOUTH MED region),. We can send and host volunteers, mostly disadvantaged people with fewer opportunities.

#### **KA1 PROJECTS MAMAFRIKA CAN BE A PARTNER IN:**

Mobility Project for Young People, 'Youth Exchange  
Mobility Project for youth workers  
Youth Participation activities

#### **KA 2 PROJECTS MAMAFRIKA CAN BE A PARTNER IN:**

Cooperation Partnerships  
Small-scale Partnership

Feel free to contact us. We are open to strategic and long-term partnerships that can lead to new project design and co-writing projects.

Please reach out if you need anything. Don't hesitate to share your thoughts; we are open to any questions you might have.
