

Project Title: Natural Beauties

Location of the Project: Hungary

Project Length: 7 days (+ travelling days)

Target Group: 6 participants (including one team leader (18+)) aged 18-30

Introduction:

The "Natural Beauties" Youth Exchange focuses on increasing awareness among young people about climate change and its impact on the environment. Through non-formal educational activities, workshops, and discussions, participants will learn practical ways to promote sustainability and reduce environmental degradation. By building on international collaboration, the project aims to empower participants to drive positive environmental changes within their local communities.

Objectives:

- Enhance awareness of climate change and environmental challenges.
- Equip participants with practical tools and methods for promoting ecological actions.
- Nurture collaboration and teamwork among young people from diverse cultural backgrounds.
- Encourage sustainable lifestyles and reduce environmental footprints.
- Leverage social media and digital tools for widespread dissemination of knowledge.

Partner Duties:

- Provide ongoing support for participants throughout the project lifecycle.
- Support the proper selection and preparation of your participants.
- Share expertise and resources to enhance the quality and impact of the activities.
- Support dissemination of results to broader communities locally and online as well.
