RE: Certificate attesting Mrs Alicia Carpio Obré's membership in the Youth@Work Pool of Trainers

Dear Madam/Sir,

It is my great pleasure to provide, on behalf of the Youth@Work Partnership on Youth Employability and Entrepreneurship of Erasmus+ National Agencies that I coordinate, this certificate attesting the membership of Mrs Alicia Carpio Obré's membership in the Youth@Work Pool of Trainers - <https://youthatworkpartnership.org/pot/>

Mrs Carpio is a member of the Youth@Work Pool of Trainers since March 2019. After several projects in which she was involved, I can strongly recommend her facilitation, communication and project coordination skills that she can most certainly use for any similar activities that require training and facilitation services. She is an outstanding facilitator and trainer, very easy to work with, that demonstrates leadership competences, as well as excellent team work and communication skills. She is able to make training format proposals that meet the expectations of the organisers, as well as to use facilitation and training methods that fully engage participants and reach the objectives of the training.

Please do not hesitate to contact me for any further information that you may require.

Yours sincerely,

Raluca Diroescu
Coordinator
Youth@Work Strategic Partnership on Youth Employability and Entrepreneurship of Erasmus+ National Agencies
